The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the directory.

HILL DIRECTORY CO., INC., Publishers

INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories (publishers of the Charlotte City Directory since 1932), present to subscribers and the general public, this, the 1953 edition of the Charlotte City Directory, which also includes Hoskins and Thomasboro. Charlotte's steady, consistent growth has reached the point where, with this edition, it has been necessary to change the style of the Directory to the metropolitan type, which will greatly facilitate reference use.

Confidence in the continued growth of Charlotte's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Charlotte to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Charlotte Directory will fulfill its mission as a source of authentic information pertaining to the city and vicinity.

Six Major Departments
(Each department beginning with Page 1)

The six major departments are arranged in the following order:—

I. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the first major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Charlotte and vicinity, and the name, official personnel, nature and address of each firm and corporation.

II. THE BUYERS' GUIDE, the second major department, printed on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Charlotte. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a large commercial and industrial center like Charlotte, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

III. THE CLASSIFIED BUSINESS DIRECTORY is the third major department, printed on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

IV. THE POSTAL ZONE GUIDE, on pink paper, is the fourth major department. This section is reproduced verbatim from copy supplied by the postal authorities.

V. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the fifth major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are designation of tenant-owned homes and the designation of homes and places of business having telephones.

VI. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the sixth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Charlotte and vicinity.

The Charlotte Directory Library

1 A

Through the courtesy of the publishers of the Charlotte City Directory, a Directory Library is maintained in the offices of the Charlotte Chamber of Commerce, for free reference by the general public. This is one of more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL CITY DIRECTORY CO., Inc.,
Publishers.

DIRECTORY SYMBOLS AND DESIGNATIONS

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

CHARLOTTE

"QUEEN CITY OF THE SOUTH"

(Courtesy Charlotte Chamber of Commerce, Inc.)

LOCATION

Charlotte, chief city of the Carolinas, dominates a rich, undulating plateau between the Appalachian Mountains and the Atlantic coastal plain. The city is the geographic center of a young, rapidly-expanding market. It is 550 miles southwest of New York; 230 miles northeast of Atlanta; 600 miles southeast of Chicago; 330 miles southwest of Washington; 160 miles from the Atlantic Ocean; and far south of knee-deep snow. Charlotte is accessible from every direction by every known conveyance except an ocean-going ship. It is 779 feet above the sea, in latitude 35 degrees 14 minutes n., longitude 80 degrees 50 minutes w.

Tryon Street

CLIMATE

Charlotte winters are seldom uncomfortable and never as severe as those experienced in the Northern and Western states. Summers are warm, but rarely uncomfortable. The average annual temperature is 60.7 degrees, with a seasonal variation of 36.5 degrees from 42.3 degrees in January to 78.8 degrees in July. Pleasant, mild temperatures are enjoyed for more than six months of the year—60.4 degrees in spring, 61.8 degrees in fall. Average winter temperature is 43.2 degrees; summer, 77.6 degrees. The frost-free season spans midyear from March to November, averaging 237 days. Other data: Annual rainfall averages 49.12 inches. Morning humidity averages 78 per cent; noon, 57 per cent, and evening, 63 per cent.

POPULATION

Charlotte, with a 1953 estimated population of 145,000, is by far the largest city in the two Carolinas, and Mecklenburg County, with a 1953 estimated population of 215,000, is the most populous county. Other significant census figures for Charlotte are: 1850, 1,065; 1900, 18,091; 1920, 46,338; 1940, 100,899; 1950, 134,042. The females have a slight majority of 51.8 per cent. The white race accounts for 72 per cent. Less than 1 per cent is foreign-born. The population of the retail trading area (60-mile radius) exceeds 1,325,000; the wholesale trading area (150-mile radius) has a booming 4,500,000 consumers.

GOVERNMENT

Charlotte is governed by a popularly-elected mayor and seven councilmen. A city manager, appointed at the pleasure of the council, is the administrative head of the city government. The City Hall is a handsome three-story building of neo-classic design which was erected in the early 1920's on a site six blocks from the center of the city. Public services include excellent schools, an expertly-manned police department, a modern fire department, extensive water and sewerage facilities, health and welfare departments, and many others.

Mecklenburg County, of which Charlotte is the seat, is governed by a board of county commissioners. The chairman of this board is the chief administrative officer of the county. Historic Mecklenburg, the wealthiest county in the state, has a fine school system and an efficient rural police force, and provides its citizens with superior public services. The Mecklenburg County Court House, situated adjacent to the City Hall, is an imposing building with stately columns of neo-classic design. Like the City Hall, it has become one of Charlotte's showplaces.

TAXES

The City and County assess ad valorem taxes on all real and tangible property at the following rates per $100 valuation: City, $1.55; County, 69¢. In actual practice property valuations are well below true values. Only minor occupational licenses are required by the City. North Carolina income tax is assessed at a rate of 3 per cent for the first $2,000 net income; 4 per cent on the next $2,000; 5 per cent on the next $2,000; 6 per cent on the next $4,000; and 7 per cent on all over $10,000. Corporations are taxed 6 per cent of their taxable net incomes. Liberal exemptions are allowed for both individuals and corporations.

COMMERCE

With more than 1,350,000 people living within easy motoring distance of Charlotte, the city has become one of the 25 greatest markets in the nation. The retail sales volume now exceeds $252,000,000 annually. Approximately 1,750 retail establishments in the city offer consumers almost every conceivable product. Downtown streets are lined with modern, well-appointed stores which, through attractive merchandising, draw people from all sections of the Piedmont. The total buying power of the Charlotte market exceeds $1,000,000,000 annually, and the city's per-family buying power is tops for the Carolinas.

Charlotte, strategically located in the center of the Southeast, is rapidly becoming Dixie's leading distributor. Hundreds of trucks, operated by over 90 different truck lines and four railroads moving an average of 325 carloads a day, shuttle goods in and out of this vast Dixie warehouse. According to the Blue Book Southern Progress in 1951, wholesale sales in Charlotte came to a whopping $1,042,000,000. This volume of wholesale distribution outstrips such larger cities as Birmingham, Richmond, Nashville and Jacksonville.

Wholesale distribution from Charlotte has grown so tremendously in recent years because the city is well situated to serve the growing Southern market and has superior transportation facilities. More than 500 national companies have established offices or warehouses in the city.

Charlotte is far and away the financial giant of the Carolinas. The city's eight large commercial banks cleared $6,143,612,321 in checks during 1952. Total resources of these banks are $681,103,715. One of Charlotte's many investment banking concerns is ranked as the ninth largest in the country, which is a reflection of the financial activity of the city. Charlotte also has a branch of the Federal Reserve Bank.

INDUSTRY

Charlotte is the geographical center of the vast Southern textile industry which has its heaviest concentration in the Piedmont Carolinas, where two-thirds of all the looms and spindles in the South are located. Although there are 60 textile mills in the immediate vicinity, Charlotte, unlike many Southern cities, is not completely dependent upon textiles. Machinery, chemicals, food products, furniture, clothing, printing, building materials, all are major products of Charlotte's balanced economy.

Charlotte's 500 manufacturers employ more than 22,000 persons, many of whom have developed great skill in the technological processes of modern industry. In addition, there is a sizeable reserve of manpower on the many farms of the surrounding area available to supplement the present labor force. Native-born Americans comprise 99 per cent of the entire labor force. Charlotte always has enjoyed excellent labor-management relations and has never had a major work stoppage.

Charlotte offers manufacturers many advantages which have contributed to the rapid expansion of industry in this area. Some of the advantages are: (1) Reserve of skilled and unskilled labor. (2) Superior rail and trucking facilities. (3) Excellent communication facilities. (4) Extensive power and water supplies. (5) Excellent plant sites and buildings. (6) Pleasant, mild climate. (7) A friendly, progressive community. (8) Central location in the Southeast.

Although the expansion of manufacturing in the Charlotte region has been substantial, agriculture is still the basic industry of Mecklenburg County. Mecklenburg's fine farms and dairies support nearly 16,000 farmers and farm hands. Principal products are corn, cotton, grain, vegetables, poultry and dairy products.

UTILITIES

Charlotte is headquarters for the Duke Power Co., which supplies electrical power throughout the Piedmont Carolinas. The vast Duke Power system has twelve major hydro-electric plants with a total rated installed capacity of 444,220 kilowatts and eight steam plants with a capacity of 1,170,000 kilowatts. Total rated installed capacity is 1,614,220 kilowatts. Duke Power's forward-looking policies, as evidenced by a $175,000,000 post-war expansion program, have played a vital part in the industrialization of the Piedmont. Another step forward for the Piedmont is the proposal by several companies to construct a pipeline to bring natural gas to this area.

The City of Charlotte has invested an estimated $12,000,000 in its water facilities. The present rated capacity of the system is 25,000,000 gallons per day; however, expansion of facilities will soon boost the rated capacity. The city was the first in the Southeast to introduce fluorine into its water as a means of reducing tooth decay. The fluorination program, which was begun April 1, 1949, will be particularly beneficial to future generations of Charlotte citizens.

TRANSPORTATION

Charlotte is the transportation center of the Carolinas. Four railroads operate 27 passenger trains and haul an average of 295 carloads of freight every day; four air lines operate 74 scheduled flights a day; five bus companies schedule over 300 regular departures each day; and 110 truck lines haul thousands of tons of goods to points throughout the South and East. Railroads with lines into Charlotte are: Southern, Piedmont & Northern, Seaboard, and Norfolk-Southern. Air lines are: Eastern, Capital, Piedmont and Southern. Bus companies are: Queen City Coach, Carolina Scenic Stages, Carolina Coach, Carolina Transit Lines, and Greyhound.

COMMUNICATIONS

The Southern Bell Telephone Co. has 67,825 telephones in Charlotte. The company has calculated that the city will have a population of 237,000 by 1966, and is rapidly expanding facilities on this assumption. Southern Bell's state headquarters are located in Charlotte. The city also is a relay point in the vast Western Union system, and processes telegrams for cities throughout the region.

Central Business District

Charlotte Memorial Hospital

EDUCATION

Charlotte's excellent public school system embraces 37 schools with an enrollment of 23,725. The Mecklenburg County system has 43 schools with an enrollment of 14,147. Both systems are now undergoing large expansion programs. Colleges located in and near Charlotte are: Queens College, women, enrollment 400; College Center of the University of North Carolina; Johnson C. Smith University, Negro co-educational, enrollment 1,600; and Davidson College (in Davidson, N. C., 20 miles north), men, enrollment 950. In addition to these, Charlotte has many fine business schools. Among these are Burton Institute, Kings Business College, National School of Commerce, Carolina Business School, and Evans College of Commerce.

MEDICAL FACILITIES

Charlotte has four excellent general hospitals with a combined total of 1,045 beds, and several special hospitals with 332 beds. The city has about 250 doctors, of which over 100 are certified specialists. Because of these facilities and the availability of such a large number of specialists, Charlotte has become a medical center of considerable importance. The general hospitals are Charlotte Memorial, Presbyterian, Mercy (Catholic), and Good Samaritan (Negro).

NEWSPAPERS AND RADIO STATIONS

Charlotte has two widely-circulated, daily newspapers. These are The Charlotte Observer (published mornings, circulation 138,000, Sunday 140,000) and The Charlotte News (published evenings except Sunday, circulation in excess of 72,000). There are six radio stations broadcasting programs of all major networks. These stations are: WBT (AM and FM, CBS); WSOC (AM and FM, NBC); WAYS (AM and FM, ABC); WGIV (AM, independent); WIST (FM, Mutual and Dixie FM); WMIT (FM).

TELEVISION

WBTV, the Carolinas' first television station, began operations in July, 1949, and Charlotte's second TV station, WAYSTV, Channel 36, is scheduled to go on the air by September, 1953. Three other stations have TV applications pending, and an educational channel has been allocated to the city. Present and future TV stations are connected with the major networks by coaxial cable.

TRAVELERS' ACCOMMODATIONS

Charlotte has seven principal hotels with 1,500 rooms, and a number of smaller hotels. In addition, there are numerous first-class tourist homes and motor courts convenient to the motoring public. The largest hotels are: Hotel Barringer, Hotel Charlotte, Selwyn Hotel, Mayfair Hotel, Mecklenburg Hotel, and Clayton Hotel.

Area—31 square miles.

Climate—Mean annual temperature, 60.7 degrees F.; average annual rainfall, 49.12 inches.

Altitude—779 feet above sea level.

Parks—27, including playgrounds.

Financial Data—10 banks of all types, with total resources of $681,103,715 (Dec. 31, 1952). Branch of Federal Reserve Bank of Richmond located here. 3 building and loan associations.

Postal Receipts—$3,509,621.92 (1952).

Telephones in Use—67,825.

Churches—350, representing 18 denominations.

Building and Construction—Value of building permits, $20,652,299 (1952).

Industry—Chief industries of city and surrounding territory: Manufacturing, 55 per cent; agriculture, 45 per cent. 500 manufacturing establishments.

Trade Area—Retail area has radius of 60 miles, and population of 1,350,000; wholesale area, radius of 150 miles, and population of 4,500,000. 1,750 retail stores in city, with annual sales of over $252,000,000.

Newspapers—2 daily, 1 Sunday and 3 weekly.

Radio Stations—6 (AM and FM); also 2 TV.

Hotels—7 principal, with total of 1,500 rooms.

Railroads—4: Southern, Seaboard Air Line, Norfolk-Southern and Piedmont & Northern.

Highways—U. S. 29, 31 and 74; State 27, 49, 262 and 271.

Airports—4 privately-owned; 1 municipal, 5 miles from center of city.

Amusements—Largest auditorium in city seats 3,000 persons. Total seating capacity of theatres, 7,500. 13 golf courses in city and suburbs, including several municipal courses.

Hospitals—4 large hospitals and several small ones, with total of 1,312 beds.

Education—Queens College (for women); Johnson C. Smith University (for colored). 37 public schools, including 3 senior high and 2 junior high. 1 parochial school. Number of pupils in public schools, 23,725; in parochial, 180.

Public Libraries—10, including branches, with total of 115,000 volumes. 30 library service stations; 280 educational films; also slides and film strips, and phonograph records.

CHARLOTTE HISTORY

When the first settlers—Scotch-Irish, English, Germans, Huguenots—penetrated into the southern Piedmont section of North Carolina they found deer and bear, wolves and Catawba Indians in awesome numbers. But, undismayed, the settlers went about the job of making homes for themselves.

Tiny Charlotte, only 360 acres of Mecklenburg County soil, was incorporated in November, 1768. Six years later the settlement became the county seat and organized a regular town government. Although Charlottetown could boast only a handful of settlers, its spirited defiance of the British was known from St. Augustine to Plymouth Rock. On May 20, 1775, Charlotte patriots signed the Mecklenburg Declaration of Independence, a document which, though not generally acted upon until a year later, laid the foundations of the American Declaration of Independence on July 4, 1776.

Charlotte played a spunky and effective part in the conflict which followed. British General Cornwallis, who was in the town for awhile, called the place "a damned hornet's nest" of rebellion. That reputation has been perpetuated in the city seal.

During the days following the war, Charlotte began to show promise; even so, the town was still a mere upstart in the wilderness. Wilmington, New Bern, Raleigh, Edenton, were far larger. Even by 1850 Charlotte could count only 1,065 heads.

After surviving the rigors of the Civil War and reconstruction, Charlotte began anew its ascendancy as the chief city of the Carolinas. Each Federal Census in the years which followed foretold Charlotte's destiny. Today its top position in the Carolinas is undisputed.

CALENDAR OF HISTORICAL DATES

1748 First permanent settlers in Mecklenburg County.
1749 Earliest land grants from the Crown.
1750 Trade routes with Charleston, S. C., established over Indian trails.
1754 Meeting of King Hagler, chief of Catawba tribe, and commissioners appointed by the governor to establish amicable relations between Indians and the settlers.
1762 Mecklenburg County created.
1766 Log court house built.
1767 March 15. Birth of Andrew Jackson in the southeastern section of Mecklenburg County, now Union County.
Thomas Polk's sawmill and grist-mill begins operation.
1768 Charlotte is incorporated. County divided; upper half becomes Tryon County.
1771 Presbyterian ministers perform marriages, a privilege theretofore restricted to ministers of the Established Church and justices of the peace.
1774 Charlotte made county-seat. Population, 200.
Queen's Museum becomes successor of Queen's College.
1775 May 1. Because of dissatisfaction with the administration of Governor Josiah Martin, Thomas Polk is authorized to call a meeting of delegates from each district.
May 20. Assembly held in the court house in Charlotte.
Mecklenburg Declaration of Independence approved and read. Captain James Jack deputized to take document to Continental Congress in Philadelphia.
May 31. Assembly reconvenes and draws up another set of resolutions, called the Resolves.
June 23. Captain Jack arrives in Philadelphia with the Declaration of Independence. Congress is preparing address to the King, repudiating desire for independence, so Declaration is not presented.
1776 John Phifer, Robert Irwin and John McKnitt Alexander, representatives of the county in Congress, instructed to declare for independence.
1777 Mecklenburg troops ordered north; engage in battles of Germantown and Brandywine; spend winter with Washington at Valley Forge.

1780 Sept. 26. Battle of Charlotte; Cornwallis occupies town.
Oct. 3. McIntyre Farm skirmish (Battle of the Bees).
Oct. 7. British Colonel Patrick Ferguson killed at Battle of Kings Mountain and his force defeated.
Oct. 12. Cornwallis withdraws from Charlotte, referring to the place as a "hornet's nest."

U. S. POSTAL INFORMATION

First class (maximum weight limit same as fourth class—see page 5)

Letters and written and sealed matter, 3 cents for each ounce, except that drop letters are subject to 2 cents for each ounce when deposited for local delivery at offices not having letter-carrier service, provided they are not collected or delivered by rural or star-route carriers.

Postal cards and post cards, 2 cents each. (There is an additional charge of 10 percent of postage value of postal cards sold in quantities of 50 or more.)

Air mail—Air Parcel Post (limit 70 pounds)

Matter weighing 8 ounces or less, 6 cents an ounce. Matter exceeding 8 ounces is subject to the zone rates on pages 2, 3, and 4. Postal cards and post cards, 4 cents each.

These air rates are applicable to air mail to, from or between points in Alaska, Hawaii, Puerto Rico, Virgin Islands of the United States, Canton Island, Canal Zone, Guam, and any other place where United States mail service is in operation.

All mailable matter, except day-old fowl and other articles subject to damage by low temperatures, and except inflammables other than motion-picture film in I. C. C. metal containers, may be sent via air.

Air mail weighing 8 ounces or less when undeliverable as addressed will be forwarded by air to another post office without payment of additional postage. If returned to sender matter will be sent via surface without payment of additional postage. All air mail exceeding 8 ounces, when forwarded to another post office or returned to sender, is subject to postage anew. Sender should affix pledge to pay such postage and state whether matter is to be transported by air or surface.

Domestic registered, insured, and C. O. D. mail may be sent by air upon payment of the applicable fees for such service in addition to the air postage. All domestic registered mail sent by air must be securely sealed. First-class matter sent C. O. D. by air must also be sealed. Indemnity for insured mail sent at the air zone rates will be payable only for fourth-class matter. All domestic registered, insured, and C. O. D. mail sent at air parcel post rates is accepted with the understanding that the senders guarantee any necessary return or forwarding postage.

All air mail including parcels should be prominently endorsed "Via Air Mail" or "Via Air Parcel Post." Parcels should be so marked on each side and end.

The use of special delivery with air mail is recommended.

Exceptions to Air Zone Rates

The rate of 80 cents for first pound (over 8 ounces to 1 pound) and 80 cents for each additional pound or fraction thereof shall be charged on parcels transported by air as follows:

(a) Between United States or its Territories and possessions and overseas Army-Air Force and Navy Post Offices, also naval vessels addressed in care of Fleet Post Offices at New York, N. Y., and San Francisco, Calif.

(b) Parcels weighing less than 10 pounds but exceeding 84 inches in length and girth combined are subject to the 10-pound rate.

Second class (no limit of weight)

Newspapers, magazines, and other periodicals containing notice of second-class entry, 1 cent for each 2 ounces or fraction thereof, or the fourth-class rate, whichever is lower. (Note.—Effective April 1, 1952, this rate increases to 2 cents for the first 2 ounces and 1 cent for each additional 2 ounces or fraction thereof.)

Third class (limit 8 ounces)

Circulars and other miscellaneous printed matter, also merchandise, 2 cents for the first 2 ounces and 1 cent for each additional ounce.

Books (including catalogs) of 24 pages or more (at least 22 of which are printed), seeds, cuttings, bulbs, roots, scions, and plants, 2 cents for first 2 ounces and 1½ cents for each additional 2 ounces or fraction thereof.

Identical pieces of third-class matter may be mailed under permit in bulk lots of not less than either 20 pounds or 200 pieces, at the rate of 14 cents a pound, or fraction thereof, in case of circulars, miscellaneous printed matter, and merchandise, and 10 cents a pound, or fraction thereof, in the case of books or catalogs having 24 pages or more, seeds, plants, etc., with a minimum charge of 1 cent a piece in either case. (Minimum charge will be increased to 1½ cents a piece, effective July 1, 1952.) Apply to postmaster for permit. The bulk mailing fee is $10 per calendar year.

Minimum charge for pieces of odd size or form, 3 cents.

Fourth class or Parcel Post (over 8 ounces)

See table of rates, limits of size and weight, and other information on pages 5, 6, 7, and 8.

Merchandise, books, printed matter, and all other mailable matter not in first or second class.

Fourth-class matter must be so wrapped that the contents may be examined easily by postal officials. When not so wrapped, or when it contains writing not authorized by law, the matter is subject to first-class postage.

A letter addressed to correspond with the address on the parcel may be tied to or otherwise securely attached to the parcel so as not to interfere with the address thereon. Stamps to cover postage on the parcel must be affixed to the wrapper and postage for the letter must be affixed to the envelope.

SEALING—Fourth-class matter may be sealed provided it bears a printed label "Merchandise—Fourth-class mail," together with the inscription "Postmaster: This parcel may be opened for postal inspection if necessary."

The local rate applies to parcels mailed (1) at any post office for local delivery at such office; (2) at any city letter carrier office, or at any point within its delivery limits for delivery by carriers from that office; and (3) at any post office from which a rural route starts, for delivery on such route, or when mailed at any point on a rural route for delivery at any other point thereon, or at the office from which the route starts, or for delivery on any other rural route starting from the same office.

The eighth zone rate applies (1) between the United States or its possessions and the Hawaiian Islands; (2) between the United States or its possessions and the Canal Zone; (3) to, from, or between Tutuila and Manua and other islands of the Samoan group east of longitude 171° west of Greenwich, and the United States or its possessions; (4) to, from, or between domestic post offices in the Caroline, Marianas and Marshall Islands.

Exceptions to parcel post rates

(a) In the first or second zone, where the distance by the shortest regular practicable mail route is 300 miles or more, the rate is the same as for the third zone.

(b) Parcels weighing less than 10 pounds, but exceeding 84 inches in length and girth combined, are subject to 10-pound rate.

(c) For special rates on catalogs and other similar printed advertising matter, consult postmaster.

Limits of weight and size:

(a) Parcels mailed at a first-class post office for delivery at another first-class post office (in continental United States only):

(1) Limit of Weight.—40 pounds, local, first, and second zones; 20 pounds, third through eighth zones.

(2) Limit of size.—72 inches length and girth combined.

EXCEPTIONS.—Parcels mailed on, or addressed for delivery on a rural or star route, or parcels containing baby fowl, nursery stock, agricultural commodities (not including manufactured products thereof), or books, subject to limits of size and weight prescribed in (b) below.

(b) Parcels mailed at, or addressed for delivery to, any second-, third- or fourth-class post office, or mailed to or from any Army-Air Force, or Fleet Post Office, or to or from any Territory or possession of the United States, including the Canal Zone and Trust Territory of the Pacific Islands:

(1) Limit of Weight.—70 pounds.

(2) Limit of size.—100 inches length and girth combined.

In measuring a parcel the greatest distance in a straight line between the ends (but not around the parcel) is taken as the length, while the distance around the parcel at its thickest part is taken as its girth.

Special rates for books of 24 pages or more, at least 22 of which are printed (limit 70 pounds)

Books (containing no advertising matter other than incidental announcements of books) all zones: 8 cents for the first pound and 4 cents for each additional pound. Books sent to readers by libraries authorized by the Department to mail at the special library rate and when returned by such readers, for delivery within the first three zones or the State in which mailed: 4 cents for the first pound and 1 cent for each additional pound.

PERMISSIBLE ADDITIONS TO AND ENCLOSURES WITH PARCEL POST—Marks, numbers, names or letters for description purposes may be placed on fourth-class matter. Books may bear a simple manuscript dedication or inscription not in the nature of personal correspondence. A written or printed invoice or descriptive inscriptions indicating price, style, stock number, size, date of order, etc., may be enclosed. Inscriptions such as "Merry Christmas," or the like may be written on the parcel or a card enclosed therein.

Special Services

Special-delivery fees (all classes of mail including air mail)

	First class (cents)	Second, third, or fourth class (cents)
Up to 2 pounds	20	35
Over 2 pounds up to 10 pounds	35	45
Over 10 pounds	50	60

The prepayment of the foregoing fee on second-, third-, or fourth-class mail entitles it to the most expeditious handling and transportation practicable, and also entitles it to special delivery at the office of address. Particularly recommended for perishable matter and other parcels, especially air parcels, likely to reach offices of address too late for regular delivery.

Special handling—Fourth-class matter only

Parcels of fourth-class matter endorsed "Special Handling" will be given the most expeditious handling, transportation, and delivery practicable (but not special delivery) upon payment, in addition to the regular postage, of the following charge:

	Cents
Up to 2 pounds	15
Over 2 pounds up to 10 pounds	20
Over 10 pounds	25

The special handling charge applies to all parcels containing day-old fowl, package bees carried outside mail bags, or baby alligators, and to any other parcels which it is desired to have so treated.

Registered, Insured, and C. O. D. Mail

REGISTRATION.—Applicable to first-, second-, and third-class matter, and sealed fourth-class matter on which postage at the first-class rate has been paid. The mailer is required at the time of mailing to declare the full value of mail presented for registration, or the known or estimated cost of duplicating nonnegotiable securities.

INSURANCE.—Applicable to third- and fourth-class matter. Matter for sale addressed to prospective purchasers who have not ordered it or authorized its sending will not be insured.

C. O. D. (UNREGISTERED).—Applicable to third- and fourth-class matter and sealed domestic mail matter of any class bearing postage at the first-class rate. Parcels sent C. O. D. shall in all cases be based upon bona fide orders, or be in conformity with agreements between senders and addressees.

REGISTERED C. O. D.—For details consult postmaster.

A demurrage charge of 5 cents a day is collected on each C. O. D. article which the addressee fails to accept within 15 days after the first attempt to deliver or the first notice of arrival at the office of address is given.

A fee of 5 cents is charged for notifying sender of nondelivery of C. O. D. mail. Consult postmaster.

Return receipts for registered or *numbered* insured mail.—Fee, if requested at time of mailing, 7 cents; after mailing, 15 cents; at time of mailing showing to whom, when, and the address where the article was delivered, 31 cents. (Return receipts will not be obtained for parcels insured at the minimum fee of 5 cents.)

An additional charge of 20 cents is made when registered, insured, or C. O. D. mail is restricted in delivery to addressee only, or to the addressee or order.

All domestic insured and C. O. D. parcels (surface and air), as well as registered air parcel post articles, are accepted with the understanding that the senders guarantee any necessary return or forwarding postage.

Indemnity is paid for the actual value of lost, rifled or irreparably damaged articles within the limit covered by the fee paid, or for the cost of repairing partially damaged articles provided they were packed and endorsed in accordance with postal requirements.

Fees effective January 1, 1952

Indemnity	†Registration Fee	Insurance Fee	Unregistered C. O. D. Fee
*No value	.30		
Indemnity to $5	.40	.05	.30
$5.01 to 10	.55	.10	.40
10.01 to 15	.55	.15	.60
15.01 to 20	.55	.15	.60
20.01 to 25	.55	.15	.60
25.01 to 30	.65	.20	.70
30.01 to 35	.65	.20	.70
35.01 to 40	.65	.20	.70
40.01 to 45	.65	.20	.70
45.01 to 50	.65	.20	.70
50.01 to 75	.75	.30	.80
75.01 to 100	.85	.30	.80
100.01 to 150	.95	.35	.90
150.01 to 200‡	.95	.35	1.00
200.01 to 300	1.05		
300.01 to 400	1.15		
400.01 to 500	1.25		
500.01 to 600	1.35		
600.01 to 700	1.45		
700.01 to 800	1.55		
800.01 to 900	1.65		
900.01 to 1,000	1.75		

*The minimum registration fee does not provide for indemnification in the event of loss, rifling, or damage, and is applicable only to matter having no intrinsic value, such as correspondence, notices and the like.

†On registered articles where the declared value is in excess of $25, a fee of not less than 55 cents shall be paid.

‡Limit of C. O. D. collections.

Domestic registered mail is subject to surcharges in addition to regular registry fees as follows: When declared value exceeds maximum indemnity covered by registry fee paid by not more than $50, 2 cents; over $50, not over $100, 3 cents; over $100, not over $200, 4 cents; over $200, not over $400, 6 cents; over $400, not over $600, 7 cents; over $600, not over $800, 8 cents; over $800, but less than $1,000, 10 cents. If excess of declared value over maximum indemnity covered by registry fee paid is $1,000 or more, additional fees (surcharges) for each $1,000 or part of $1,000 are: For local delivery or delivery in first zone, 12 cents; second zone, 14 cents; third zone, 16 cents; fourth zone, 17 cents; fifth or sixth zone, 18 cents; seventh or eighth zone, 19 cents. In the case of nonnegotiable securities, surcharge is based on the known or estimated cost of duplication.

Money orders (limit $100 each)

Fees for orders from—

	Cents		Cents
$0.01 to $5	10	$10.01 to $50	25
$5.01 to $10	15	$50.01 to $100	35

Preparation, Wrapping, and Packing of Mail Matter

Parcels, including those marked "Fragile," must be securely packed and wrapped or packed in a strong container to withstand handling inside of mail sacks on which several other sacks may be piled and to bear transmission without breaking or injuring the mail bags, their contents, or the persons handling them. Many articles are damaged in the mails because the mailer did not visualize the conditions to which they would be subjected in ordinary course of handling and did not use adequate packing.

Parcels improperly or insufficiently wrapped or packed, or not properly endorsed or marked as to contents when required, are not acceptable for mailing.

Fiberboard boxes

The use of good solid or double-faced corrugated fiberboard boxes properly fastened or sealed is recommended. A box of poor quality or improperly packed or fastened often results in damage or loss to contents with subsequent loss to all concerned. A good average-size box has the certificate of boxmaker stamped on the side giving the bursting test per square inch. A box testing 200 pounds per square inch is usually adequate for an average-sized parcel. (The size limit and gross weight limit also shown in the certificate do not apply to parcel-post mail.) These boxes must be firmly packed or they will crush under pressure, but if overpacked they may also burst under pressure. In either case, gummed paper tape will not hold the contents together as would strong twine. Wire without exposed ends or approved banding material, may be used in lieu of twine.

Fragile articles

All parcels containing articles easily broken are required to be marked "Fragile." Among such articles are musical instruments, toys, millinery, etc., and articles consisting wholly or in part of glass or contained in glass, which must be securely packed in strong boxes of wood, metal, or fiberboard and surrounded with ample cushioning material such as excelsior, shredded paper, creped cellulose wadding or padding or the like, or other equivalent cushioning, to prevent appreciable movement and to prevent breakage from contact with the inner wall of the outside box or with other articles in the same container.

Liquids

Handling of liquids presents a serious problem in the postal service and proper packing thereof is outlined in detail in the Postal Guide, a copy of which may be examined in any post office. However, in general, if the liquid content is not over 24 fluid ounces, absorbent material such as creped cellulose or wood fiber felt wadding, pulverized paper, absorbent cotton, sawdust, bran, or the like (but not excelsior) should be used to take up the liquid in case of breakage as well as to act as a cushioning agent, and the mailing carton should be tightly closed.

Perishable articles

Articles such as butter, lard, fish, fresh meats, certain fruits, berries or vegetables, etc., which decay quickly should be well packed to prevent leakage; endorsed "Perishable," and be mailed only to points they may reasonably be expected to reach without spoiling.

Unmailable matter

All matter which is outwardly or of its own force dangerous or injurious to life, health, or property, is nonmailable regardless of manner of packing. The law (62 Stat. 781; 18 U. S. C. 1716) provides a severe penalty for mailing prohibited matter, or mailing certain harmful matter which is not packed in accordance with postal requirements.

Consult your postmaster when in doubt as to the mailability of any matter and also in regard to proper packing to avoid loss and damage. Inquiries may also be addressed to the Assistant Postmaster General, Bureau of Transportation, Washington 25, D. C.

Zones—Postal Guide and Keys

For parcel-post purposes the United States is divided into units of area 30 minutes square, which form the basis of eight postal zones. The unit numbers are shown in the State list of post offices in the Official Postal Guide, Part I, which, cloth bound, may be purchased from the Superintendent of Documents, Government Printing Office, Washington 25, D. C., for $2.00, delivered to any address. Zone keys making maps unnecessary are furnished free to purchasers of the Guide. To ascertain in which zone a post office is located from the office of mailing, first find the unit number of the office of address and then refer to the parcel-post zone key for the mailing office.

Proprietary articles of merchandise

Harmless medicinal preparations, soaps, tobacco; food products, etc., put up in fixed quantities, in original sealed packages, by the manufacturer or dealer so as to allow examination of the packages in their simplest mercantile form and labeled in printing so as to show the nature of contents, quantity, and name of the manufacturer or dealer, are mailable at the fourth-class rates of postage. If such sealed packages are enclosed in an outer wrapper, the latter must not be sealed unless it is also labeled in printing in the manner indicated on page 4.

Proper manner of addressing mail

Write the names and addresses clearly and distinctly. Care in this respect will prevent delay and misdelivery. Follow the arrangement shown below in order to promote rapid and accurate dispatch. Do not abbreviate State names when confusion is likely to result.

The name and address of the sender are required on all parcel-post matter, on all registered, insured, and C. O. D. mail, on all matter enclosed in window envelopes, on matter bearing pledge guaranteeing payment of return or forwarding postage, and should appear on all other mail, in the upper left corner of the address side.

The words "Return Postage Guaranteed" should be omitted from first-class matter, and from other matter the return of which when undeliverable is not desired.

Insured and C. O. D. parcels are accepted with the understanding that the senders guarantee return and forwarding postage and should bear a pledge guaranteeing such postage; they should also bear a request specifying the maximum time they are to be held at the post office of address, preferably not exceeding 15 days or even a shorter period.

If it is desired also to guarantee forwarding postage for other than insured or C. O. D. mail, the statement "Return and Forwarding Postage Guaranteed," should be used.

Proofs or copies of address labels should be submitted to the postmaster to assure correct preparation.

It is very important that the postal delivery unit number be shown in the address and return card wherever applicable.
